## Killswitch Engage

Look behind what lies on the surface

Rituals to read the signs

Signify the life I leave behind

Behind, behind, liesI am not alone something greater than I

I am not alone something greater than ISet me free

Release me

Embrace me

Cleanse meRituals to read the signs

Signify the life I leave behind

Behind, behindI am not alone something greater than I

I am not alone something greater than ISet me free

Release me

Embrace me

Cleanse meOutstretched arms to welcome the sacrifice of this body

Outstretched arms to welcome the sacrifice of this bodyLook behind what lies on the surface

Humbled soul to reveal a purpose
