

# Oh What a Life

## Spice and the Po Boys

Oh what a life  
Oh What a life  
Oh What a la la life with you

You work upstairs at night  
Writing to the morning light  
In the morning you /A/ come to bed  
Oh with an aching head  
But thatâ€™s all ri-ri-right with me

Oh what a life  
Oh What a life  
Oh What a la-la-life with you

I play with the boys in the band at night  
Sometimes were hot  
Sometimes were not  
Sometimes were high  
Sometimes were not  
But thatâ€™s all ri-ri-right with me

Life used to be hard and rough  
I was tumble and tough  
There was never enough  
Till I felt your touch  
And thatâ€™s all ri-ri-right with me

Oh what a life  
Oh What a life  
Oh What a la la life with you
