Cleopatra

I sit here, lonely in my room
In a web of no emotion, a cybernetic ocean
My software needs some protection
A hardware connection
Click here if you need affectionWww.dot.com
Call if your lovin' is the bomb
I've been cravin' love so much
'Cause I miss the human touchPress here to start
Touch me and you'll feel the heat
From the pounding of my heart
Reactivate all the system of my soul
Let your love press the remote controlMy website needs an operator
A master conversator, an all access love maker
My type has just one description
He likes to play technician and love is his positionWww.dot.com
Call if your lovin' is the bomb
I've been cravin' love so much
'Cause I miss the human touchPress here to start, touch me
And you'll feel the heat
From the pounding of my heart
Reactivate all the system of my soul
Let your love press the remote controlI'm givin' your love all access
So if you're the man, come mack this
All night do it right
Show me that your love is tightDownload me your resume and
Maybe I'll come out to play
Make a love connection
Fill my nights with true affectionPress here to start
Touch me and you'll feel the heat
From the pounding of my heart
Reactivate all the system of my soul
Let your love press the remote controlPress here to start
Touch me and you'll feel the heat
From the pounding of my heart
Reactivate all the system of my soul
Let your love press the remote controlPress here to start
Touch me and you'll feel the heat
From the pounding of my heart
Reactivate all the system of my soul

Let your love press the remote controlPress here to start
