

# Better Off Without You

## Tesla

Thoughts of you to start my day  
all the things you used to say  
loving you is just a memory  
but that's the way that it's got to be  
Better off without you  
I'm better off on my own  
Better off without you  
I know that I must be strong  
I've got to carry on  
I'm better off without you  
So many miles of memories  
of the way our life used to be  
holding you in the morning light  
now I just can't seem to get you off my mind  
I'm Better off without you  
I'm better off on my own  
Better off without you  
I know that I must be strong  
I've got to carry on  
I can't convince myself but I know it's true  
I'm better off without you  
Tables turn - lessons learned  
a lesson's been learned so well  
goes to show that you never know  
there's a part of me that can't believe  
but if you love somebody you gotta set 'em free  
Better off without you  
I'm better off on my own  
Better off without you  
I know that I must be strong  
I've got to carry on  
I keep telling myself that it can't be true  
I'm better off without you  
(Better off without you)  
I'm Better off without you  
(Better off without you)  
Better off without you  
(Better off without you)  
Better off without you

(Better off without you)
