

Where Art Thou (Feat. Sammy & Skate)

DJ Rupp & Sammy & Skate

Ooh yeah
Goddamn
Going out Friday, they coming home Monday
Pullin out the driveway this gon' be a fun day
Imma hit the highway
On a Sunday
And I want it my way
Imma get it one day
Whatcha need?
I need a good girl with a bit of attitude
Little bit of swag, money and she tatted too
Hit it, hit it twice that's exactly what I had to do
Damn girl I don't think I ever could be mad at you
Lot of girls from the east and the west coast
Scream loud if you think that you the best though
Lot of girls from the east and the west coast
Scream loud if you think that you the best though
Wh-where art thou? I want you, yeah
Where art thou?
Good damn I'm just tryna get it in like
Where art thou?
Where art thou?
Searchin' for the booty like oh my wow
Where art thou?
Where art thou?
Tryna get up in it like oh right now
Get it
Imma turn up
Where the drinks at?
Drama on my mind
I don't need that
Probably, probably, probably find me where the weed at
Indiana behind me man, I believe that
I just broke up my girl
Who the next one?
Lotta pretty women
Searchin' for the best one
If you're gonna scream say what ya just said
Damn shawty ya body really a blessing

Lot of girls from the east and the west coast
Scream loud if you think that you the best though
Lot of girls from the east and the west coast
Scream loud if you think that you the best though
Wh-where art thou? I want you, yeah
Where art thou?
Good damn I'm just tryna get it in like
Where art thou?
Where art thou?
Searchin' for the booty like oh my wow
Where art thou?
Where art thou?
Tryna get up in it like oh right now
I've been searchin for a minute
You know lookin' through these time zones
Where you been? Think again where the time's flown
Now I'm up in the hills, livin life right
I recommend that you join when the time's right
And not defensive and don't plan to be
But understandably you stick around up and close like a fan of me
Like woo that's a quick start
We know we hit it hard came up with a purpose and our purpose is to pass y'all
Lot of girls from the east and the west coast
Scream loud if you think that you the best though
Lott of girls from the east and the west coast
Scream loud if you think that you the best though
Wh-where art thou? I want you
Where art thou?
Good damn I'm just tryna get it in like
Where art thou?
Where art thou?
Searchin for the booty like oh my wow
Where art thou?
Where art thou?
Tryna get up in it like oh right now
Wh-where art thou? I want you
Where art thou?
Good damn I'm just tryna get it in like
Where art thou?
Where art thou?
Searchin for the booty like oh my wow
Where art thou?
Where art thou?
Tryna get up in it like oh right now
