Traction In the Rain

Crosby & Nash

It's hard enough, I know
To find the strength to go
Back to where it all began
It's hard enough to gain
Any traction in the rain
You know it's hard for me to understandHard to find a way
To get through another city day
Without thinking about
Gettin' outNow the strangest thing I've seen
Was a T-shirt turning green
In envy of a turtle dove
The dove's lady was the cause
Or maybe it was the olive branch she held in her claws
Or maybe he could see they were in loveYou know it's hard for me to find a way
To get through another city day
Without thinking about
Gettin' out
