

# I'm Suicide

## NOFX

I was a target and easy mark  
I was the victim of an asshole patriarch  
Not just your standard dichotomy  
I was a virgin without virginity  
I used to genuflect, I used to pray  
But it was useless I was such an easy prey  
Under sedation at beck and call  
I was a teenage blow up love doll  
Without an option, without free will  
I was eleven when I got put on the pill  
A well used fixture, a welcome mat  
A lonely joy division laying on my back  
Always a good girl, always obeyed  
I was a prostitute who wasn't getting paid  
Our perfect little girl,  
We're both so proud of you  
You do everything that you're told,  
You speak when spoken to  
You make me so ashamed,  
You've always been a flirt  
You don't think of anyone else,  
You don't care who you hurt  
My little girl gives daddy so much pride  
I'm suicide  
I've just been resurrected  
I'm Jesus Christ and I've bled for all my sins  
I save myself from definite destruction  
I'm here and i will decide  
My life as suicide  
Our perfect little girl  
How could you do that to me?  
You do everything that you're told  
Six years of sodomy  
You make me so ashamed  
You're the one who should have gone  
I gave the best years of my life to you  
You left me all alone  
My little girl gives daddy so much pride  
I'm suicide  
God's illegitimate daughter  
I'm stigmata and I've bled for all your sins  
I save myself from a life of a martyr  
I'm here and I will not abide  
My life, I'm suicide  
She's suicide

That names a little creepy  
She's suicide  
Welcome to our tribe  
She's suicide  
Does she really belong here?  
I'm suicide for life  
My life is suicide
