

# The Nun's Litany

## The Magnetic Fields

I want to be a Playboy's bunny  
I'd do whatever they asked me to  
I'd meet people with lots of money  
And they would love me like I loved you  
I want to be a topless waitress  
I want my mother to shed one tear  
I'd throw away this old sedate dress  
Slip into something a tad more sheer  
I want to be an artist's model  
An Odalisque Au Naturel  
I should be good at spin the bottle  
While I've still got something left to sell  
I want to be a cobra dancer  
With little Willie between my thighs  
I may not find a cure for cancer  
But I'll meet plenty of single guys  
I want to be a brothel worker  
I've always been treated like one  
If I could be a back-street lurker  
I'd make more money and have more fun  
I want to be a dominatrix  
Which isn't like me, but I can dream  
Learn S&M and all those gay tricks  
And men will pay me to make them scream  
I want to be a porno starlet  
For that I'll wait 'til Mama's dead  
I'll see my name in lights of scarlet  
And get to spend every day in bed  
I want to be a tattooed lady  
Dedicated as I am to art  
Character's bold, complex and shady  
Will write my memoirs across my heart
