

Cruel

Blancmange

And I don't know you, you don't know me

I want to, can't you see?

It won't take long

It won't take long, girl, just you wait and see

And I don't know you, you don't know me, you can't run with me

Just wait and see, girlAnd I can't see you, you can't see me

My reason is distance, your reason's your lover

It won't take long

It won't take long, girl, just you wait and see

And I can't see you, you can't see me, you can't run with me

Just wait and see. girl

I know I've been drinking, but what's this I'm thinking?

I'd like to be with you, hear me now

And I don't know you, you don't know me, you just wait and see

Now I see you, now I hear you, rips my soul apart

Have you no heart, Love?

Now I go to pieces, for I know so little

Each time I speak now, my language runs riot

I thought there was something, but now I know different

Thought of my self first, how cruel can one be?
