Linus

Birdie

...oh
When I think back, it's so unreal
Well did I just get murdered (or did I just imagine)
What's that mean cause, I ask please god
Please tell me if it was a dream now(chorus)
Do you know, that i....continue all this, one time before.(verse 2)
I can't get this, I've been drinking, too much goddamn ale, I can't Stand
Up, I keep falling, God I wish I could go back now.
(chorus 2) do you know, that i....continue all this, one time Before.....for.....(bridge)
Once again (what's the catch), are you ok? it's just a stupid game We
Play, still don't matter anyway, because we all die, anywaaaay Hey, oh,
We all go....yeah....well, that's what they, tell me, when they tell Me,
Yes my ego bleeds, I don't care, cause we can't (can?) be fair (there?),
Go...oh.....too.
