After All

Michael Buble

Way back when we started
There was a part of me that knew
One did every heartache.. and I would lose myself to you
And I walked all night
Watching the sun and city lights
Thinking of you
Wondering where I lose my mind
After all I'm excited that you're in my life again
After all I'm delighted
To be back when we begin
I believe that you can fall in love with me again
And we'll both be standin' tall after all
Way back when we started
There was a part of you that knew
I was all that you wanted
But only shadows fill the room
I was lost all right
Lost in the sleepless empty nights
Dreamin of you
And in those dreams you were mine
After all reunited

Yeah you're in my arms again
After all I'm delighted
Cause our we're lovers and we're friends
I believe that I can
Fall in love with you again
And I'll catch you when you fall
After all
I was lost allright
Lost in the sleepless empty nights
Dreamin of you
And in those dreams you still mine
After all I'm excited that you're in my life again
After all I'm delighted
To be back when we begin
I believe that you can fall in love with me again
Cuz I love you. I'll catch you when you fall
Oo we're united

And we've made it after all
And we'll both be standing tall
after all
after all babe
Oh after all
after all
after all
