City Blues

The Walters

Walking down the road
Headed to the show
The night is so young and the bottle is full

Line up in a row
We're shuffling in
The bar is too full so we wait out in the cold

The music is loud and the lighting is low
The women are shaking and moving on the floor

The singer is yelling bout the woman who left
And I'm in the back getting drunk with my friends

And this is
All I need
To get me through
The city blues

And this is
Good for me
Give me a swig
And let it

Way up here
You'll find me
It's 12 in the morning

I'm lifted off
Substance
We're chasing that taxi

You look so fine
You must know
You make me go crazy

I don't know
If it will last
But I'm gonna let you have me

And this is
All I need
To get me through
The city blues

And this is
Good for me
Give me a swig
And let it

And this is
All I need
To get me through
The city blues

And this is
Good for me
Give me a swig
And let it

Who knows how many nights I'll be stuck here
Who knows how many nights I'll be stuck x2
