I'm But A Wave To

Cynic

As one, I'll meet the mortal memories
Reliving, seeking silence
And know, that I as just a shell outside
Have sacred joys inside meNo fear, nor fight
Comforting silent side
So free, through flight
Comforting silenceSo I call on
Sri, cosmic sea
All is within you
As in a dream
I'm but a wave toInfinity within thy consciousness
An ever expanding sphere
Immortal spark ignites
Spreads by the air of bliss
Embracing warmth that healsNo fear, nor fight
Comforting silent side
So free through flight
Comforting silent sideSo I call on
Sri, cosmic sea
All is within you
As in a dream
I'm but a wave to
