

# Life In A Way

## One Less Reason

Album: A Lifetime Burning

And tell me about the one who broke your heart

Tell me about when the day was through

Did you feel like you?

All the things that you wished you had said

Lingered around inside your head

Until you were dead

Yea

No it's just been so long

Since I gave my heart away

But I was going to today

I was gonna pick up the pieces and put them away

Say goodbye to all my mistakes

Living the life that got in the way

Of all the plans for me that you make

Oh, you've made

Plans you've made

Waited around even from before

Wanted it all and I gave you more

Than I could afford

I chose to believe you even from the start

I could handle your lies,

You know they weren't that hard

The truth tore me apart

You said it's just been so long

Since you thought of me that way

You wanna start again today

Yea

You wanna pick up the pieces and put them in place

They resemble something they've made

Wanna make sure the lies take off all your disguises

Livin' our life in a way

I don't think

I don't think

About you

Anymore

I don't think

I won't think

About you  
Anymore  
You know it's just been so long  
Since I let you treat me that way  
I'm not gonna let you start today  
I'm gonna pick up the pieces and throw them away  
Say goodbye to all my mistakes  
You know more than me about my self esteem  
Start livin' my life in a way  
That I won't think  
No I won't think  
About you  
Anymore
