Random

Slogun

E'rybody in the club gettin' tipsy
Oh, f*** that, just whine like a gypsy
Can't see straight like I got one eye
Your bottle opener or mine?
Let's get started
Move ya arms 'round like f***ed up karate
Ohh, s***, my word play's nasty
Ohh, s***, don't put it past me
Move, titch, get out the way
Now enough of that, I'm here to stay
Flow lazy
Pick the pace up when I flow less hazy
J-Lo's got a batty
Well, you can't see mine
'Cause I wear my trousers baggy
Anyways, yeah, let's commence
Everybody get random, all gyal them, all man them
Everybody get random, just do somethin' random
Everybody get random, all gyal them, all man them
Sovereign get random, just do somethin' random
Smokin' kills and so do my lyrics
If you're poppin' pills then trust you're not with it
'Cause I got the skills and I'm over the limit
Dishin' lyrics like meals every second every minute
Ding, dong, special delivery
Biggest midget in the game, can't get rid of me
Give me just a minute and I'll in be your vicinity
My words hurt you just like losin' virginity
Well, I'm right there
Naw, tell a lie 'cause I'm right there
Right hurr, nah, right here
Now get off your churr, I mean chair
Some English MC's get it twisted

Start sayin' cookies instead of biscuits
Anyways, yeah, let's commence
Everybody get random, all gyal dem, all mandem
Everybody get random, just do somethin' random
Everybody get random, all gyal dem, all mandem

Everybody get random, just do somethin' random
Everybody get random, all gyal dem, all mandem
Everybody get random, just do somethin' random
Everybody get random, all gyal dem, all mandem
Sovereign get random, just do somethin' random
Yo, get up and do somethin' random
Yo, watch it now
One, two, Sov is comin' for you
Three, four, better lock your door
Five, six, cos I'm full of tricks
So everybody come and vibe with the little titch
Switch
Just check how my flow differs
I'm droppin' lyrics like a hoe droppin' knickers
I'm on a whole other level, I'm old school
Like marathon, fry up the Snickers
This s***'s hot, where the sniffer dogs?
Let's get random, zagga, zagga, zagga, zog
You wanna come and test me, well, bring it on
This is the new ting, the new sing along
S O V
Everybody get random, all gyal dem, all mandem
Everybody get random, just do somethin' random
Everybody get random, all gyal dem, all mandem
Everybody get random, just do somethin' random
Everybody get random, all gyal dem, all mandem
Everybody get random, just do somethin' random
Everybody get random, all gyal dem, all mandem
Sovereign get random, just do somethin' random
