

# Crumbs

## Sebadoh

I waited for you  
No one helped me through  
I can't believe in you  
And nothing is true  
Following you around  
Shoveling through our problems  
I don't hate myself for being so dumb  
I'm totally back and you're doing that  
I can't fuckin' stand  
I can't fuckin' stand this confusing shit  
I can't fuckin' stand
