

Take Care of You

Fred Hammond

Sometimes life can be a lonely road
Make you feel like you can't bear the load
But don't give in because there's one thing I know
He has great thoughts of you
So don't give up
He's planned your breakthrough. Sometimes your friends can cause the greatest pain
Make your tears fall like the pouring rain
Don't give in cause it's not all in vane
Trust and never doubt him
He'll bring you out
You'll smile again
When it feels like all hope is gone
He will take care of you
When it feels like you just can't go on
He will take care of you
Remember the words of this song
He will take care of you
He will take care of you
I know God will take care Clap your hands this evening (Ooh la la la)
I say it's alright
Clap your hands this evening (Ooh la la la)
I say it's alright
Yeah Yeah Yeah
Yeah Yeah Yeah
Not always been what I needed to be
I made mistakes that brought me to my knees
Until his loving kindness lifted me
He put his arms around me
From the sin and shame he came So we are here just to encourage you
The God we serve is so loving and true
If you need a witness I am living proof
That he loves and cares completely
Just look and see how far he's brought me God will, God will, God will take care of you
Through every day all of the way
He will take care of you
I know God will take care God will, God will, God will take care of you
Through every day all of the way
He will take care of you
I know God will take care God will, God will, God will take care of you

Through every day all of the way
He will take care of you
I know God will take care
