

# On The Border

## Eagles

Cruisin' down the center of the two-way street  
Wond'rin' who is really in the driver's seat  
Mindin' my bus'ness, along comes big brother  
Says, "Son, you better get on one side or the other" I'm out on the border, I'm walkin' the line  
Don't you tell me 'bout your law and order  
I'm tryin' to change this water to wine After a hard day, I'm safe at home  
Foolin' with my baby on the telephone  
Out of nowhere somebody cuts in and says  
"Hmm, you in some trouble, boy, we know where you been" I'm out on the border, I thought this was a private  
line  
Don't you tell me 'bout your law and order  
I'm tryin' to change this water to wine Never mind your name just give us your number  
Never mind your face just show us your card  
And we wanna know whose wing are you under  
You better step to the right or we can make it hard I'm stuck on the border, all I wanted was some peace of mind  
Don't you tell me 'bout your law and order  
I'm tryin' to change this water to wine On the border  
(Leave me be, I'm just walking this line)  
I'm out on the border, on the border  
(All I wanted was some peace of mind, peace of mind) I'm out on the border, on the border  
(Can't you see I'm tryin' to change this water to wine?)  
I'm out on the border, on the border  
(Don't you tell me 'bout your law and order) I'm out on the border  
(I'm sick and tired of all your law and order)  
On the border  
(Say goodnight in here)  
I'm out on the border, on the border
