

Garbage Man

[Rory Gallagher](#)

I wanna tell you about my baby
Yeah, she ran off with the garbage man
I wanna tell you about my baby
Yeah, she ran off with the garbage man She better come back quick
Come back and empty my garbage can I don't know where she's been
And I don't know where she goin'
I don't know where she's been Please, come on back baby
My trash can is really over flowin' [Incomprehensible]
She spend all my hard earned cash
You know baby
She spend all my hard earned cash She better come back this mornin'
Steal you a shotgun
Steal you a shotgun
Steal you a shotgun and [Incomprehensible]
