Let The Flames Begin

Paramore

What a shame
We all became such fragile, broken things
A memory remains just a tiny sparkI give it all my oxygen
So let the flames begin
So let the flames begin
Oh glory, oh gloryThis is how we'll dance when
When they try to take us down
This is what will be, oh glorySomewhere weakness is our strength
And I'll die searching for it
I can't let myself regret, such selfishnessMy pain and all the trouble caused
No matter how long
I believe that there's hopeBuried beneath it all and
Hiding beneath it all and
Growing beneath it all andThis is how we'll dance when
When they try to take us down
This is how we'll sing, ohThis is how we'll stand when
When they burn our houses down
This is what will be, oh gloryReaching as I sink down into light
Reaching as I sink down into lightThis is how we'll dance when
When they try to take us down
This is how we'll sing, ohThis is how we'll stand when
When they burn our houses down
This is what will be, oh glory
