Fuck Authority

Wasted Youth

We can live our own lives; fuck authority!
What is wrong we'll decide; fuck authority!
You need not to fight; fuck authority!
Stand up for your rights; fuck authority!
Officials give us too much shit
No longer can I deal with it
They try and push and shove me around
They try and knock me to the ground
They tell me how to act and what not to wear
They say be polite and do not swear
Fuck authority!
Do it just your own way; fuck authority!
Don't listen to what they say; fuck authority!
What gives them the right; fuck authority!
This is America, man; fuck authority!
Life is laughing in my face
I am sick of the human race
Getting knocked all about
Makes me wanna scream and shout
Don't we live in the land of the free
Give me death or liberty
Fuck authority!!!
This is America, man; fuck authority!
We can live our own lives; fuck authority!
Stand up for your rights; Fuck authority! (x2)
Fuck authority Now!
