Overdue

Bloodwire

Verse:
Open up your dirty eyes, look what you did.
Let me see your filthy hands, I caught em red.
I can smell the bullshit on your breath.
Got it reeking from your toes to your neck.
Baby let the venom sink into your chest.
Trying to play me like a pawn, that's what you get.
Get up off your knees bitch, no need to beg.
Bridge:
I don't want you back, back. I don't want you back.
Better hit the po-po like your name is Jack.
Call me on the phone, phone, I won't call you back.
You should be a dome, dome.
How do you like that?
