Hey Jude

Edu Lobo

Hey Jude, don't make it bad Take a sad song and make it better Remember to let her into your heart Then you can start to make it betterHey Jude, don't be afraid You were made to go out and get her The minute you let her under your skin Then you begin to make it betterAnd anytime you feel the pain, hey Jude, refrain Don't carry the world upon your shoulders For well you know that it's a fool who plays it cool By making his world a little colderHey Jude, don't let me down You have found her, now go and get her Remember to let her into your heart Then you can start to make it betterSo let it out and let it in, hey Jude, begin You're waiting for someone to perform with And don't you know that it's just you, hey Jude, you'll do The movement you need is on your shoulderHey Jude, don't make it bad Take a sad song and make it better Remember to let her under your skin Then you'll begin to make it Better better better better better better, ohNa na na nananana, nannana, hey Jude
