

# Butterfly

## Jamiroquai

Little butterfly, come back to me  
Come back to me Everything that I want  
Is written on your face  
So take me where you want to  
It's your love that I chase Now you got something  
So beautiful  
And the way you move me baby  
It's like no other girl Butterfly that came and butterfly in June  
So color in my wings and let me hold your hand  
I could be the sun and you could be my moon  
But all you ever say is catch me if you can Feel like a butterfly  
Searching in the summer sky  
A perfect love so hard to find, yeah yeah Little butterfly, come back to me  
Little butterfly, come back to me  
Little butterfly, come back to me  
Little butterfly, come back to me Honey, you pushing a condition  
But I don't mind  
I think you're my addiction  
But that's alright, that's alright You've got to slow down  
I can't keep up with you, no no no no  
All the other butterflies  
They don't love like we do I feel like I'm a butterfly in June  
So color in my wings and let me hold your hand  
I could be the sun and you could be my moon  
But all you ever say is catch me if you can Feels like a butterfly  
Searching in the summer sky  
A perfect love so hard to find Little butterfly, come back to me  
Little butterfly, come back to me  
Little butterfly, come back to me  
Little butterfly, come back to me Oh oh, little butterfly  
Won't you come back to me
