

Underneath the Stars

[Mariah Carey](#)

One summer night
We ran away for a while
Laughing, we hurried beneath the sky
To an obscure place to hide
Where no one could find And we drifted to another state of mind
And imagined I was yours and you were mine
As we lay upon the grass
There in the dark
Underneath the stars
Young love underneath the stars baby Weak in the knees
Wrapped in the warm gentle breeze
So shy, a bundle of butterflies
Flush with heat of desire
On a natural high As we drifted to another place in time
And the feeling was so heavy and sublime
As I lost my heart to you
There in the dark
Underneath the stars
Young love Beautiful and bittersweetly
You were fading into me
And I was gently fading into you
But the time went sailing by
Reluctantly we said goodbye
And left our secret place so far behind
And I lay in bed all night
And I was drifting
Drifting, drifting, drifting, drifting And I imagined I was yours and you were my own
(My own baby)
As we lay upon the grass there in the dark
Lay underneath the stars Young love, young love Young love, young love
(Underneath the stars) Young love, young love
(Underneath the stars) Young love, young love
(Underneath the stars)
