Hot Commodity

Crash Romeo

You've got
Nothing on me
And I will
Go down in history
For being
The best you'll ever see
In your life
(In your life).
And I'll say goodbye
On the parkway tonight, alright. Alright.
Just let me know if you're okay,
Let me know.
We won't stop until you're broken,
Broken down.
Just let me know if you're okay,
Let me know
And let this song play on forever.
I'm faced
With possibilities
And you've got nothing,
So the next drink's on me.
You'll lose
If you try and see this through
'Cause baby, I'm bad news.
And I'll say goodbye
On the parkway tonight, alright. Alright.
Just let me know if you're okay,
Let me know.
We won't stop until you're broken,
Broken down.
Just let me know if you're okay,
Let me know
And let this song play on forever.If you want a shot to rock the hot commodity,
Go ahead
There's nothing that I haven't seen.
Give tonight
And hit the lights.
