Back To The Days

Drew Seeley

I was looking through pictures yesterday
From back when we were two young crazy fools in love
Cause I been thinking bout what you said
That this thing is dead
I think you know we're still in love
Even though it's hard
We shouldn't let this fall apart
We've invested too much time
To let this die
And I know where to start
Let's go back to the days when we were younger
And our troubles were far away
Let's go back to the time and then start over
Cause I can't let you go away
I know we said some nasty things the other night
But let's forget those words we said
Girl cause, I can't imagine waking up all alone
Without you beside me in this bed
Said you were leaving me tonight
But it just don't feel right
Think I know a way for us to stay
And wear this fire
Let's go back to the days when we were younger

And our troubles were far away
Let's go back to the time and then start over
Cause I can't have you go away
Even though it's hard
We shouldn't let this fall apart
We've invested too much time
To let this die
And I know where to start
Days, we, younger
Far away
Let's go back to the time and then start over
Cause I can't have you go away
Let's go back to the days when we were younger
And our troubles were far away
Let's go back to the time and then start over

Cause I can't have you go away
Let's go back to the days when we were younger
And our troubles were far away
Let's go back to the time and then start over
Cause I can't have you go away
Let's go back to the days when we were younger
And our troubles were far away
Let's go back to the time and then start over
Cause I can't let you go away
