

Battle Cry!

Blood On the Dance Floor

I can feel the pain from the razor cuts
Deep into my veins they inject the drug
Vision starts to fade now I'm feeling numb
Death is but a dream and I can't wake up
Chaos has been done
Striped my world apart
Now the aftermath war inside my heart
Set to self destruct, rush the ones I love
Looking for a sign, something from above
Dear God, it's just me and you
Dear God, and all the shit you put me through
Dear God, lets make this fucking clear
Dear God, there is nothing that I fear
I will conquer and rise
I know I will conquer and rise up
This is my battle cry
I've been struck down and I've had enough
Reckless I've become and I will be
Broken bruised
Bloody shaken
I preach in hell, god forsaken
Pray tonight for sinners plans
Hatreds blood to wash these hands
Chaos has been done
Striped my world apart
Now the aftermath war inside my heart
Set to self destruct, rush the ones I love
Looking for a sign, something from above
Dear God, it's just me and you
Dear God, and all the shit you put me through
Dear God, lets make this fucking clear
Dear God, there is nothing that I fear
I will conquer and rise
I know I will conquer and rise up
This is my battle cry
I've been struck down and I've had enough
Defeat what threatens me
Destroy everything in sight
This is my battle cry
Reckless I've become and I will be
This is my war cry
Now hear me scream
I'm going down
Into my head
The further I go
The darker it gets
I'm rising up
Against my death

I've lost everything
To be free again I will conquer, I will rise
Hear my war cry, It's do or die I will conquer and rise
I know I will conquer and rise up
This is my battle cry
I've been struck down and I've had enough
Defeat what threatens me
Destroy everything in sight
This is my battle cry
Reckless I've become and I will be I will conquer
I will rise
Hear my war cry
It's do or die
(DIE, DIE)
