

Hopesick

Louis XIV

I need sleep
I need love
I need fun
I need girlsI need sun
I need hope
I need help
I need dopeI need her
I need it
I cant run
I cant sitI got pain
I got pain
I got painHopesick
Hopesick
Hopesick
HopesickA heart flutter
And I shutter
A hand shake
A heart breakI love her
She loves me
But in my mind
But only in my mindHopesick
(If it was so hard to hope)
Hopesick
(How come I cant let you go?)
Hopesick
HopesickI need wheels
I need touch
On my toes
On my heelsOn my lips
On my head
On the street
I need stuffI need a heart
I need a break
My skin aches
What does it take?
I need me I need meIts like Im hanging from a rope
From a string
From a needle
From a thread

In my head Hope, hope, hope, hope Hopesick
(If it was so hard to hope)
(How come I can't let you go?)
Hopesick
Hopesick If it was so hard to hope
How come I can't let you go? If it was so hard to hope
How come I can't let you go? A heart flutter
I shudder
A hand shake
A heart break Hopesick
Hopesick
Hopesick
Hopesick It's like I'm hanging
(Hopesick, hopesick)
From a rope
(Hopesick, hopesick)
From a string Hopesick
Hopesick
Hopesick
