

# The Destroyer Beholds

## Mortification

Disease in your life rots your soul  
Wretched hinderance to your growth in God  
Recycle countless sin, bondage brings  
Wretched hinderance to your growth in God  
(Chorus)  
Look at this young man, look at his face  
What's the reason for this change  
Revival in his heart  
Causes havoc for the devil  
The destroyer beholds  
The destroyer beholds  
Your faith infested by the flesh  
Backslidden in your heart you have no time for God  
You don't read the word, what's your case  
Backslidden in your heart you have no time for God  
(Chorus)  
Your God calls your name, you've been saved  
You won't be tempted beyond your strength  
Reach out to his grace, make a change  
You won't be tempted beyond your strength  
(Chorus)
