

Lake Harriet

Carrie Rodriguez

Won't you walk me around Lake Harriet
and hold my hand

Whisper those sweet nothings
like no other man can

And when the sun goes down in Minneapolis
I see the master plan

Won't you walk me around Lake Harriet
and hold my hand

Movin' too fast, think I never can stop
I've been runnin' from the past
trying to beat it to the top

The miles add up, I hate to see another town
I try to look up but all I feel is down

Baby it's the only one
that makes me come undone

REPEAT CHORUS

Gravity pulls too much
I buckle underneath the weight
memory of the country calls a higher state

Where the sea is calm, I know right from wrong
And there's love in every minute
I'm loving every minute

Baby it's the only one
that makes me come undone

REPEAT CHORUS
