

Stuff You Gotta Watch

[Levon Helm](#)

You know the girl you love she don't treat you right sometimes
I said the girl you love she don't treat you right sometimes
Well that's the stuff you gotta watch 'cause your girl's telling you lies
The girl that you love gonna plays out all night long
The girl that you love, well she stays out all night long
That's the stuff you gotta watch 'cause your girl's treatin' you wrong
Give me my hat, I want my coat
'Cause I just found out baby you don't want it anymore
And that's the stuff you gotta watch, that's the stuff you gotta watch
That's the stuff you gotta watch if you don't wanna lose your girl
They say the girl's no good but don't you make no change
I heard the girl's no good but don't you make no change
Oh, that's the stuff you gotta watch 'cause they're just about all the same
She spends your dough, she'll drink your gin
And then she'll roll around and promise that she's ready to go again
Well that's the stuff you gotta watch, well that's the stuff you gotta watch
Well that's the stuff you gotta watch if you don't wanna lose your girl
Well that's the stuff you gotta watch if you don't wanna lose your girl
