

# The Downward Dance

## Treble Charger

Everybody gather 'round  
Come and listen to me  
You wanna know what I know  
You wanna see what I see  
Pay you money and you take your chance  
When you decide to do the downward dance  
Never even given half a glance  
Try one more time  
Something happens all the time  
You're gonna like it's a scene  
Wouldn't miss it for the world  
If you know what I mean  
Pay your money and you take your chance  
When you decide to do the downward dance  
Know you'll be a slave to circumstance  
When you go into the downward dance  
Never even given half a glance  
Try it one more time  
And I'll make it right  
Now the lights are down  
And darkness surrounds  
So you can't see me  
Pay your money and you take your chance  
When you decide to do the downward dance  
Know you'll be a slave to circumstance  
When you go into the downward dance  
Never even given half a glance
