La Da Da

Imani Coppola

He shines like the moon
And he knows just who I am
And ever since I looked into your eyes
I love youLa, la la la, la la
La da da, da da
La da da, la da da'Coz I feel things are changing
Things I know, you feel the same
But won't you please just listen to me once?
I'll stand by youLa, la la la, la la la
La da da, da da
La da da, la da daSometimes it's hard to reach you standing right there
I know just yesterday I told you that I'd never leave your side
I'll stay there, honestly, I can never be that girl
Who would give anything just to be in your worldThe other day I saw you crying
You didn't know that I was there
You turned around and forced yourself to smile
Try hard to lie, you'll see that it was never me
You were always wrong, forever's not too longLa la la, la la
La da da, da da
La da da, la da daLa la la la, la la
La da da, da da
La da da, la da daLa, la, la, la, la, la
