

Even Cowgirls Get The Blues

The Gaslight Anthem

I haven't seen Sandy, Angry Johnny, or Mary
I heard they got married
Mighta had a couple babies
They traded their memories
For fairview and acres
And never play no pinball
Or get up pass the breakers But not me, pretty baby
I still love Tom Petty songs
And driving old men crazy
And all while Little Eden is waiting
So you sing me a slow song
And I'll drive you crazy
Tonight Yeah But all I want is for you to be alright and satisfied
Brothers and sisters know that anytime or late at night,
If you call I will answer, I'm open ears though tired eyes
But the world closed it's arms on us now
Can I get a witness pretty baby?
I still love Tom Petty songs
And driving old men crazy
And all while Little Eden is waiting
So you sing me a slow song
And I'll drive you crazy
Tonight Alright, alright
Alright, alright
All night, all night! There's a party tonight, say it's alright
Tell your poppa you'll be home when the good feeling dies But not me, pretty baby
I still love Tom Petty songs
And driving old men crazy
And all while Little Eden is waiting
So you sing me a slow song darlin'
I'll drive you crazy
Tonight Alright, alright
Alright, alright
Tonight! Honey!
All night, tonight
And I'll drive you crazy
Tonight
