Leave

The Swell Season

I can't wait forever, is all that you said Before you stood up And you won't disappoint meI can do that myself But I'm glad that you've come Now if you don't mindLeave, leave And free yourself at the same time Leave, leave I don't understand, you've already goneAnd I hope you feel better Now that it's out What took you so long? And the truth has a habit Of falling out of your mouth But now that it's come If you don't mindLeave, leave And please yourself at the same time Leave, leave Let go of my hand You said what you have to nowLeave, leave Let go of my hand You said what you came to now Leave, leaveLeave, leave Let go of my hand You said what you have to now Leave, leave
