

Back To You

Russ

I'm comin' back to you, back to you
I'm comin' back to you, back to you
I'm comin' back to you, back to you
I'm comin' back to you, back to you

And I know that I shouldn't and I wouldn't if I could

And you know that this drink got me talkin, late night callin, yeahFell in love with a girl from PR, kept up
online like PR

Had me waitin like a DR, stretch her out in her room like ER

I stumbled on your page got liquor in my thumbs I see you followin my path, my thought, and actions left
crumbsI thought that I left you in Atlanta

I thought that I'd never see you busy
I thought that without me you'd go down
I thought that you would never leave the city
I'm comin' back to you, back to you
I'm comin' back to you, back to you
I'm comin' back to you, back to you
I'm comin' back to you, back to you

And I know that I shouldn't and I wouldn't if I could

And you know that this drink got me talkin, late night callin, yeahOut of state got a couple shows gettin' money
Hotel room with a ten and twenties

Scoop her, Uber, tryna manoeuvre, tryna test me but I studied
Got a little bit a hesitance, keep one eye on you like a wink

Sunset Boulevard, Moonlight, 10, off the sauce like ooo I slippedI thought I left you in Los Angeles

I thought I'd never see you busy
I thought without me you would go down
I thought you would never leave the city
I'm comin' back to you, back to you
I'm comin' back to you, back to you
I'm comin' back to you, back to you
I'm comin' back to you, back to you

And I know that I shouldn't and I wouldn't if I could

And you know that this drink got me talkin, late night callin, yeahI'm comin' back to you, back to you
I'm comin' back to you, back to you
I'm comin' back to you, back to you
I'm comin' back to you, back to you

And I know that I shouldn't and I wouldn't if I could

And you know that this drink got me talkin, late night callin, yeah
