Pbj's & Pbr's

Chase Rice

17 through 22, runnin' wild through the streets with an attitude
Down to Tiger Town Tavern and that old tin roof, thinkin' we were cool
With fake ID's and on daddy's dime
Yea we made it to class when we made the time
Hopin' usually we had a little more to minds,
Like them tailgates Saturdays and Friday nights

We were young and in love every single week
Learnin' more about life a man could ever teach
Couple dollars and some freedom was all we need to get us far
Yea, we were lookin' like rockstars, shuttin' down bars
From pbj's & pbr's

They send a car gig every other Thursday
Wouldn't make a penny but we tried to play
And canvass on Ferolli's then count attorneys
Give all and he'd better run for his money

We were young and in love every single week
Learnin' more about life a man could ever teach
Couple dollars and some freedom was all need to get us far
Yea, we were lookin' like rockstars, shuttin' down bars
From pbj's & pbr's

Now lookin' back on those days
I wouldn't change a thing

Yea, we were young and in love every single week
Learnin' more about life a man could ever teach
Couple dollars and some freedom was all need to get us far
And it sure got us far

Young and in love every single week
Learnin' more about life a man could ever teach
Couple dollars and some freedom was all need to get us far
Yea, we were lookin' like rockstars, shuttin' down bars
From pbj's & pbr's
