

# Got the Bull By the Horns

[k.d. lang](#)

I love the brunettes, blonds and the redheads, too  
Love 'em since I don't know when  
I love 'em all right down the line and then I start all over again  
I start all over again I got the bull by the horns in a downhill drag  
Things are better than they ever have been  
I missed a lot of lovin' in my lifetime  
But I'm never gonna do it again, no  
Never gonna do it again Well, as a kid in school I guess I done pretty well  
All hung around me then, but I acted shy and I let 'em get away  
But I'm never gonna do it again, no no  
Never gonna do it again I got the bull by the horns in a downhill drag  
Things are better than they ever have been  
Well, I missed a lot of lovin' in my lifetime  
But I'm never gonna do it again, no sir  
Never gonna do it again, no [Incomprehensible] over this town tryin' to find the places you've been  
And I missed your huggin' on the first go around  
But I'm gonna go around again  
Well, let's go round again I got the bull by the horns in a downhill drag  
Things are better than they ever have been  
Well, I missed a lot of lovin' in my lifetime  
But I'm never gonna do it again, no  
Never gonna do it again I got the bull by the horns in a downhill drag  
Things are better than they ever have been  
Well, I missed a lot of lovin' in my lifetime  
But I'm never gonna do it again, no  
Never gonna do it again
