

Devil

Lydia

Ever dance with the devil baby? Oh no

Make my day

Do you feel lucky? Oh no

Tomorrow's another day

Can you walk on water maybe? Oh no

Turn water into wine?

Can I buy you a drink there lady? Oh no

Can you tell me another lie?

So be my Devil Angel

Be my shooting star

Be my Devil Angel

Be my shooting star

Have I seen you somewhere baby? Oh no

I need another line

Are you living the dream there lady? Oh no

Can I tell you what's inside?

So be my Devil Angel

Be my shooting star

Be my Devil Angel

Be my shooting star

Stop the car there baby! Oh no

You can't handle the truth

So what's the point then lady? Oh no

If ya can't stand to play and lose

So be my Devil Angel

Be my shooting star

So be my Devil Angel

Be my shooting star

Be my Devil Angel

Be my shooting star

Be my Devil Angel

Be my shooting star

Bye bye Angel

Be my Devil
