

Hard 2 Face Reality

[Justin Bieber](#)

Sometimes it's hard to face reality
Oh oh
Even though you might get mad at me
Oh oh
Sometimes it's hard to face reality Don't be afraid to stand alone
Don't be afraid to stand outside the door alone
I know it's hard to work from home
And it ain't easy all alone
Relationships over the phone
Talkin' to your significant other all night long Sometimes it's hard to face reality
Oh oh
Even though you might get mad at me
Oh oh
Sometimes it's hard to face reality (Poo Bear)
Should've been adjusted to my life
Had the opportunity to stay away from the last time
Now you're standing right in front of me
It hurts me to know that I lied
Trying to protect your feelings
You've been in between the lines
Hope your heart is still in healing
