Synthetic Prince

Tesla Boy

I gave a vow
So I am bound to serve the crowd
I am Synthetic Prince
I am to live like thisHere is my breed
Pulsing to the beat
I've got synthetic bliss
Your soul is on the listI know why you gonna hate me, you gonna hurt me
I know why you gonna kill me, you gonna heal meYou've got no choice
But to dig my noise
I'beg your pardon, miss
You'd better dance like thisI am the light
Breathing through the night
I am Synthetic Prince
I'm gonna live like thisI know why you gonna hate me, you gonna hurt me
I know why you gonna kill me, you gonna heal me
