Dirty Mind

Natas

Enter my state of mind and find out how I'm feelin
The thought of you givin me sexual healin is so appealin
I've been lookin for a love slave why don't you be the one
The time has come for me to cum and you know it
So soon as I pull out my dick blow it
I got another side to me now let me show it
Yo bitches pop the way I'm approachin
But I really do think ya need some different kind of coachin
My dick is the battleship ya wet pussy's the ocean
Let me kill and drill in a smooth motion
The M - I - N - D is ready I can barely grip the microphone cause my palms are sweaty
Say yo girly ya got somethin to give (give) and my objective is to get it hit it and quit it
I'm a poet preachin to you a dirty rhyme is it a crime to have a dirty mind
Esham : Shit look at that bitch right there man that nigga mastamind been fuckin that ho man Hey hey man can I hit that pussy
Mastamind : Nigga I don't want you in watch out man this is my pussy
Mastamind's got a dirty mind everytime I fuck yo it seems I reach my prime
We started out as friends maybe we'll end as friends
But its a must that you'll let me hit it again
I'm sort of clever so never say never
As I get better its plain to see why you'll love me forever
I'm that man of yo dreams I'm the man that who turns yo jealous whispers to scream
I'm that man makin you hit them high notes
And I'm that man stickin my dick down your throat
You'll be prayin and hopin that I quit strokin
I'll leave you layin in the bed playin dead with your legs open
Her's a clue my main goal is to fuck you
What I wanna do is turn your asshole black and blue
I'm a poet preachin to you a dirty rhyme is it a crime to have a dirty mind
Esham : Hold up baby keep your legs open like that let me put this right in
Oh shit that's alright baby hold up here here it go
Explore my deepest thoughts see you'll see what I yearn for
I'm like Jack the Ripper behind a closed door
First I'll entice the ho then I'll slice and dice the ho
Girl call me dad the fact that I'm here you're glad
Bitches are all up on my dick like its a fad
I'm a smooth criminal takin your womanhood
Givin it pain but makin that thang feel good
Let your horny emotions pore

And let me give you more and more cause there's more in store
Yo I ain't done yet so baby surprise I'm here to do a job from sunset to sunrise
Its like a habbit you can't quit even though you try
The Mastamind train is somnethin ya gotta ride
When I'm through with ya give me a praise
And thanks for showin me your many freaky ways
Label these words the explicit kind is it a crime to have a dirty mind
Oh yeah thanks bitch see ya
