

Schitzoid ParanoidÂ Â Â Â Â Â Â Â Â

Aura Noir

Alone, abandoned and possessed
The wounds they ache, there is no rest
Cryptic life, decayMarch to die, born suicidal
From the womb, deny survival
Sanity slips awayWithin my grasp
I know I'm near
This heart will last
I cannot bearMy aching tortured soul shall rise
Reborn through scorn (and) abrasive cries
The end is my domainSee the smoke I've left behind
Toxic fumes blow down the line
In my void I dwell
Within my grasp
I know I'm near
This heart will last
I cannot bear
