

# Raining

Susanna Hoffs

It seems like yesterday  
I was listening to the rhythm of your heart  
It started off the grave you laid  
A nest for weeks and days but we were marked  
Were you a vision or a waking dream  
I close my eyes again but I can't see  
It's raining on the world ahead  
It's raining ever since you said goodbye  
First I stayed at arm's length  
When you were begging me for more  
Suddenly it flipped and I became  
The strength I burned out your door  
You might be otherwise, but I'm sincere  
I've made it in your eyes, but I'm still here  
It's raining on the world ahead  
It's raining ever since you said that it's too late  
As sure as winter finally turns to spring  
I love your sweetness lingers here with me  
It's raining though the skies are blue  
Yes it's raining and I'm missing you
