Rollin' (feat. Stef Lang)

Ish

I'm rollin', rollin', rollin'
Down the road, there ain't no stoppin
Can't put nothing in my way
I'ma keep rollin' to a brighter dayGood things never come easy
Yeah that's what they say
And this life is short so I'm seizing the day
Cuz I know it ain't about breaths you take
Moments that take you breath away
So all I'm trying to do is live.
Pushing and pulling
Well something's got to give
I've been on the upper side of down
And I've seen the bottom
But I pay no mind in the past
I live the now
This is all I got
This is all I care for
This is my year
This is all I'm here for
Ain't counting the days
But I'm making the days count
Things are looking up and nothing can bring me downOh, oh, oh, be in the mountains and the clouds
Beyond the valley's, I'm ready to go
As far as it takes to reach for the stars
Oh, oh, oh, beyond the struggles and the falls
Beyond the ups and the downs, I'ma pick myself up off the groundI'm rollin', rollin', rollin'
Down the road, there ain't no stoppin
Can't put nothing in my way
I'ma keep rollin' to a brighter dayI'm rollin' and I never slowin' down
I used to doubt but I bet they know it now
All I'm seeing is the clear road ahead of me
Since there ain't no stopping me
Since they should let it be, let it breathe
They thought that I'd never be nothing
And I'm provin' them wrong
Showin' exactly what I knew all along
Making my own luck, you only live once
But if you do it right, once is enough
This is all I got, this is all I care for

This is my year, this is all I'm here for
I'm counting the days, but I'm making the days count
Thing are lookin' up and nothing can bring me downOh, oh oh, beyond the mountains and the clouds
Beyond the valley's, I'm ready to go
As far as it takes to reach for the stars
Oh, oh, oh, beyond the struggles and the falls
Beyond the ups and the downs, I'ma pick myself up off the groundI'm rollin', rollin', rollin'
Down the road, there ain't no stoppin
Can't put nothing in my way
I'ma keep rollin' to a brighter dayNothing is stopping me now
Oh, ain't nothing bringing me down
Oh, and I don't care what they say
Can't nobody get in my wayOh, Oh, Oh
Beyond the mountains and the clouds
Beyond the valley's, I'm ready to go
As far as it takes to reach for the stars
Oh, oh, oh, beyond the struggles and the falls
Beyond the ups and the downs, I'ma pick myself up off the groundI'm rollin', rollin', rollin'
Down the road, there ain't no stoppin
Can't put nothing in my way
I'ma keep rollin' to a brighter dayI'm rollin', rollin', rollin'
Down the road, there ain't no stoppin
Can't put nothing in my way
I'ma keep rollin' to a brighter day
