

# Time Is The Diamond

## Low

If I'm not a lion  
And I'm not an island  
If time is the diamond  
Well all right  
Got a weak pair of lungs  
From a childhood disease  
Will it ever come clean  
Well all right  
Tried to learn from the past  
Keep my fist in my mouth  
But they just keep falling our  
Well all right  
Well all right  
If I'm not a lion  
And I'm not an island  
If time is the diamond  
Well all right  
Well all right
