Wildfire

Borgeous

You and I found love in the dark
We made up wildfire from the start

My demons wash it away like prints in the sand
And I wish I could turn back the time just to feel you again
Cause I would burn a thousand miles
To be with you my wildfireâ€¦

You got me free falling through the sky
You take me to a different kind of high

My demons wash it away like prints in the sand
And I wish I could turn back the time just to feel you again
Cause I would burn a thousand miles
To be with you my wildfireâ€¦

My wildfire
