Outside Of You

Becca

I can't get your attention
And I'm so sick of it
I've got something to say to you
So shut up, and listenI don't want you to look past me
I want you to know who I am
I hate it when you ignore me
You just don't understandSee the funny thing is
You're just as useless as me
I can make you better
If you would just let me inI'm outside of you
And I can't get through
Overlooking the beauty that's dying inside me
Can you see?I'm outside of you
And I'm so confused
You keep missing the small things, the safety that love brings
Can you see? I'm outside of youYou're living to survive
It needs love and light to grow
I could be something beautiful
I guess you'll never knowSee the funny thing is
You're just as lonely as me
We can be so much better
If you would just let me inI'm outside of you
And I can't get through
Overlooking the beauty that's dying inside me
Can you see?I'm outside of you
And I'm so confused
You keep missing the small things, the safety that love brings
Can you see?And as you walk by me
I'm silently screaming to set me free
I look in the mirror and I see your future
You look good with meAnd as you walk by me
I'm silently screaming to set me free
I look in the mirror and I see your future
You look good with meI'm outside of you
And I can't get through
Overlooking the beauty that's dying inside me
Can you see?I'm outside of you
And I'm so confused
You keep missing the small things, the safety that love brings

Can you see?I'm outside of you
I'm outside of you
