Go Get Her

VI3

I want to get her, get her, go get her
Been jockin since I first met her
Nobody does it mo-better
Is she wit it, wit it, come get it
Her man don't know how to hit it so take it or fo-forget it
I'm steppin to you with my game strong
Remain calm
I see your man but he be doin wrong
A sad song so I creep from the back and I put down the Mack
Do I know how to work it
You ain't heard
That's a fact
Got the city on lock yo believe it or not
But I can be the one to ice you out from bottom to top
Now bling bling listen to the words that I sing
I'm only talkin? ?bout a fling
I never mentioned a ring
Oh no
Want to get you on the floor
Little bump-n-grind
Make ya beg for more
Back to the crib for the after show
Make ya ride that thang like a rodeo
Want to be the one to turn you on
Make it feel so right that it can't be wrong
Not tryin to be around for very long
If you ain't bout that better move along
I want to get her, get her, go get her
Been jockin since I first met her
Nobody does it mo-better
Is she wit it, wit it, come get it
Her man don't know how to hit it so take it or fo-forget it
I want to get her, get her, go get her
Been jockin since I first met her
Nobody does it mo-better
Is she wit it, wit it, come get it
Her man don't know how to hit it so take it or fo-forget it
Ooh shorty get on down
Drop that thang down to the ground

Pick it up, pick it up, shake it all around
Then turn that bootie round and round
You're lookin at me with those pretty eyes and thick thighs
Make a player want to fantasize
I realize that you got what I want and you got what I need
So you go tell your girls you're comin home with me
Don't want to be the one to keep ya for life
Ain't gonna be the one to make ya my wife
I want to be the one that ya kinda like
And you think about when he starts a fight
Better call me up
It'll be alright
'cause I'll break you off all through the night
Want to get you on the floor
Little bump-n-grind
Make ya beg for more
Back to the crib for the after show
Make ya ride that thang like a rodeo
Want to be the one to turn you on
Make it feel so right that it can't be wrong
Not tryin to be around for very long
If you ain't bout that better move along
I want to get her, get her, go get her
Been jockin since I first met her
Nobody does it mo-better
Is she wit it, wit it, come get it
Her man don't know how to hit it so take it or fo-forget it
I want to get her, get her, go get her
Been jockin since I first met her
Nobody does it mo-better
Is she wit it, wit it, come get it
Her man don't know how to hit it so take it or fo-forget it
Ooh-ah
Let it flow
You're lookin good from head to toe
Come my way
Now we're good to go
No doubt you got me hot for sure
You could hit me off when he's outta town
I can be the one to never let you down
You could drop by when ya leave the club
Go up the stairs
Break you off like what
Or call him up say you won't be home
Say your girlfriends faded can't drive alone

Girl it really don't matter what'cha gotta do
'cause I just want to get with you
I want to get her, get her, go get her
Been jockin since I first met her
Nobody does it mo-better
Is she wit it, wit it, come get it
Her man don't know how to hit it so take it or fo-forget it
I want to get her, get her, go get her
Been jockin since I first met her
Nobody does it mo-better
Is she wit it, wit it, come get it
Her man don't know how to hit it so take it or fo-forget it
